

Millia Fakhruddin Ali Ahmad B.Ed. Teacher's Training College
Rambagh, Purnea, Bihar 854301

"Development, to my mind, means more the development of human quality and mental and physical resources rather than merely of material resources....." – Fakhruddin Ali Ahmed

Millia Educational Trust, Purnea, was established in 1984 and is registered under the Societies Registration Act 21 of 1860. It is sponsored by the Muslim minority community under the benevolent leadership of Dr. Md. Asad Imam, a philanthropist. The trust is committed to providing quality education. Millia Educational Trust has become synonymous with a group of visionary individuals. Based on my learning and understanding of the locality and its people, I firmly believe that the various issues in this area and society at large are directly or indirectly connected to illiteracy and ignorance.

Illiteracy is the root cause of many problems, as it gives rise to issues such as poverty, unemployment, and child labor, leading to numerous social evils, including bonded labor and child marriages. These realizations have strengthened my understanding that illiteracy is one of the greatest challenges affecting humanity, as it hinders the development of an advanced, progressive, and peaceful world.

Dr. Md. Asad Imam
Director

Technology is transforming every aspect of our lives and the society we live in. Since Independence, the technical education system in our country has expanded significantly, offering education and training opportunities in a wide range of trades and disciplines at certificate, diploma, degree, and other levels in institutions across the country.

Technical education plays a crucial role in the overall education system and contributes significantly to the social and economic development of our nation. India is experiencing an era of rapid advancements in science and technology, leading to a growing demand for technical education. In many cases, general education has been replaced by professional technical education to meet the evolving needs of various industries.

Technical education not only drives the nation's progress but also enhances the skills and career prospects of individuals, benefiting society as a whole. It is a branch of education directly related to acquiring the knowledge and skills required in manufacturing and service industries, providing excellent opportunities for employment, growth, and a successful career.

Er. Aadil Imam
Assistant Director

The education system often presents a number of challenges for teachers. No system can thrive in this dynamic profession without equipping educators with a diverse set of skills and qualities that enhance their knowledge, ability, and effectiveness.

A teacher is not merely a guide in the conventional sense. He is much more than a counselor—he is a value developer and a torchbearer of change. At MFAAB.Ed.TTC, Rambagh, Purnea, we are committed to providing a dynamic learning environment that trains, equips, and molds teacher trainees to meet the expectations of modern society.

The college boasts a magnificent building, spacious lawns, well-equipped laboratories, and a rich library. Our faculty members are highly qualified and dedicated. The college aims to foster the harmonious development of students' personalities and provides a conducive environment for learning.

Dr. Shahbaz Rizvi
Principal

Welcome to Millia Fakhruddin Ali Ahmad B.Ed. Teacher's Training College

Empowering Educators, Transforming Lives

Since its establishment in 1985, **Millia Fakhruddin Ali Ahmad B.Ed. Teacher's Training College** has been a beacon of excellence in teacher education. Located in the vibrant city of Purnea, Bihar, our institution is dedicated to shaping passionate, skilled, and innovative educators who will lead the future of education. Recognized by National **Council for Teacher Education (NCTE)** and affiliated to **Purnea University**, we offer a dynamic learning environment that blends academic rigor, practical training, and a commitment to holistic development.

As a **minority co-educational institution**, we pride ourselves on fostering inclusivity, diversity, and excellence. Join us to embark on a transformative journey toward becoming an educator who inspires and shapes the next generation.

About Us

Nestled in the heart of Purnea, Bihar, Millia Fakhruddin Ali Ahmad B.Ed. Teacher's Training College is committed to preparing educators who are equipped to meet the challenges of modern education. With over four decades of legacy, our institution has built a reputation for academic excellence, innovative teaching methodologies, and a student-centric approach. Our state-of-the-art campus at **Rambagh, Purnea, Bihar 854301**, provides an ideal setting for learning, growth, and professional development.

Our Mission:

- To provide quality teacher education that empowers individuals with the knowledge, skills, and values to excel as educators and contribute to society.

Provide value-based teacher education with innovative teaching standards.
Equip future educators to meet the evolving needs of society.

Our Vision:

- To be a leading teacher training institution, producing educators who drive positive change through innovation and dedication.
- Develop competent, ethical, and dedicated teachers.
- Instill pedagogical expertise and leadership qualities.
- Shape educators who positively impact learners and society.

Core Values

- Excellence in Education – Commitment to high-quality teacher training.
- Integrity & Ethics – Upholding honesty, responsibility, and professionalism.
- Innovation & Adaptability – Using modern teaching methods and technology.
- Inclusivity & Diversity – Fostering a nurturing and welcoming environment.
- Lifelong Learning – Encouraging continuous growth and self-improvement.

MFAAB.Ed.TTC is committed to shaping educators who inspire generations and contribute to a progressive society.

Courses Offered

Our programs are designed to meet the needs of aspiring educators, combining theoretical knowledge with practical training to ensure graduates are ready to excel in their careers. All courses adhere to NCTE guidelines and are offered in **English and Hindi** as the medium of instruction.

1. Bachelor of Education (B.Ed.)

- **Duration:** 2 Years
- **Eligibility:**
 - Graduate/Postgraduate with a minimum of 50% aggregate marks.
 - B.Tech./B.E. candidates with Physics and Mathematics require a minimum of 55% aggregate marks.
 - Candidates must qualify the **Common Entrance Test for Bachelor of Education (CET-BED)** as per the State Nodal Officer's notification.
- **Overview:** The B.Ed. program is a comprehensive course designed to develop teaching skills, pedagogical expertise, and classroom management abilities. Through a blend of theoretical coursework, hands-on teaching practice, and workshops, students are prepared to become confident and competent educators.
- **Key Features:**
 - Training in modern teaching methodologies and educational technology.
 - Practical teaching experience in real classroom settings.
 - Focus on inclusive education, child psychology, and curriculum development.
 - Guidance from experienced faculty and mentors.

2. Master of Education (M.Ed.) (*Upcoming*)

- **Duration:** 2 Years
- **Eligibility:** B.Ed. with a minimum of 50% marks (as per NCTE norms).
- **Overview:** The M.Ed. program is designed for educators seeking advanced knowledge in educational theory, research, and leadership. This program prepares graduates for roles such as curriculum developers, educational consultants, or academic administrators.
- **Key Features:**
 - In-depth study of educational psychology, research methodologies, and curriculum design.
 - Opportunities to specialize in areas like educational technology or special education.
 - Preparation for leadership roles in educational institutions.

3. Diploma in Elementary Education (D.El.Ed.) (*Upcoming*)

- **Duration:** 2 Years
- **Eligibility:** 10+2 with a minimum of 50% marks (as per NCTE norms).
- **Overview:** The D.El.Ed. program is tailored for aspiring teachers at the primary and upper-primary levels. It focuses on foundational teaching skills, child psychology, and classroom engagement techniques.
- **Key Features:**
 - Emphasis on child-centric teaching methods.
 - Practical training in primary school settings.
 - Focus on fostering creativity and critical thinking in young learners.

Our Infrastructure

LABORATORIES

- The college has a **well-equipped Science Laboratory** with all essential apparatus and instruments.
- It offers a **practical learning environment** that supports hands-on experimentation and scientific exploration.
- The laboratory is regularly **updated** to align with modern educational standards and student needs.
- **B.Ed. students** actively participate in laboratory sessions as part of their academic and teaching practice.
- They are trained to:
 - **Conduct and demonstrate experiments** confidently and accurately
 - **Plan and manage** lab-based lessons effectively

1. Psychology Lab

The Psychology Lab provides hands-on experience in understanding human behavior, learning, and mental processes. Students conduct a variety of psychological experiments, tests, and assessments related to memory, intelligence, aptitude, personality, and motivation. Equipped with standardized apparatus and testing materials, the lab enables future educators to apply psychological theories, analyze student behavior, and devise effective teaching strategies.

Key Features:

- Standardized psychological test kits
- Reaction time apparatus
- Memory and learning devices
- Personality and intelligence assessment tools
- Case study resources and observation schedules

COMPUTER LAB

- The college has **two well-equipped computer laboratories**, accessible to all B.Ed. students.
- These labs are designed to support **technology-integrated teaching and learning**.
- They feature **advanced infrastructure** in terms of both hardware and software.
- The labs cater to the needs of **students, faculty, and the curriculum** requirements.
- B.Ed. students use the labs to:
 - Gain hands-on experience with **educational software and tools**

The College's library is designed to **enhance reading**

skills, foster a **love for books**, and cultivate a **lifelong interest in reading** among students. It houses a **diverse collection of more than 7500 books**, including **English and Hindi** medium to support students at every level of their academic journey. Encyclopedia more than 100 Academic Journal more than 35, various types of Magazine and different types of daily newspaper

Art and Craft Lab

The Art and Craft Lab foster creativity and artistic skills necessary for holistic education. It provides materials and space for drawing, painting, sculpture, collage, and various handicrafts. This lab encourages the development of innovative teaching aids and nurtures aesthetic appreciation among teacher trainees.

- **Key Features:**
- Arts and crafts tools and materials
- Drawing and painting supplies
- Clay modeling and handicraft units
- Display boards for artwork
- Resources for making teaching aids

. Language Lab

The Language Lab is an audio-visual facility designed to improve learners' proficiency in different languages, especially English and regional languages. It is equipped with language learning software, audio-recordings, and listening stations. Trainees enhance their communication, listening, pronunciation, and speaking skills through interactive modules, role-play, and group discussions.

- **Key Features:**
- Language learning software
- Headphones and microphones
- Recording and playback devices
- Activities for accent, pronunciation, and vocabulary
- Assessment and feedback tools

Physical and Health Lab

The Physical and Health Lab provides the environment and tools for training in physical education and promoting health awareness. Students learn about human anatomy, health practices, first aid, and sports education. The lab supports demonstrations and practical exercises in yoga, athletics, and various sports.

- **Key Features:**
- Models of human skeleton and organs
- First aid kits and health charts
- Sports equipment for indoor and outdoor games
- Fitness measurement instruments
- Resources for yoga and wellness activities

7. Curriculum Lab

The Curriculum Lab is an essential resource center for developing and evaluating curricular materials. It houses syllabi, textbooks, reference books, teaching-learning materials, lesson plan samples, and pedagogical aids. Here, student-teachers analyze and design curriculum frameworks and prepare innovative instructional materials.

Key Features:

- Collection of syllabi and textbooks of various boards
- Lesson planning templates and teaching aids
- Curriculum development resources
- Models and charts relating to pedagogy
- Access to latest educational publications

8. Science Lab

The Science Lab is equipped to provide practical exposure in Physical and Life Sciences. It contains scientific apparatus, specimens, chemicals, and models required for demonstrations and experiments. The lab cultivates scientific temperament, inquiry skills, and safe laboratory practices in future educators.

Key Features:

- Physics, chemistry, and biology experimental kits
- Laboratory equipment, glassware, and chemicals
- Biological models, charts, and preserved specimens
- Safety equipment and first aid materials
- Space for collaborative scientific inquiry

2. ICT / Computer Lab

The ICT/Computer Lab is designed to develop digital literacy and technological competence in teaching. It provides students access to computers, internet, educational software, and digital content creation tools. Future teachers learn to integrate technology in classroom teaching, prepare e-content, use smart boards, and practice conducting online assessments.

Key Features:

- Computers with updated educational software
- High-speed internet connectivity
- Printers, scanners, and projectors
- Interactive smart classroom setup
- Training modules on digital pedagogy

SPORTS

- The school strongly upholds the belief:

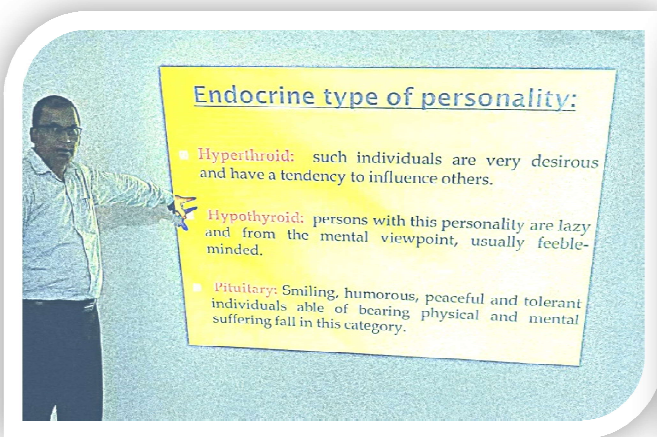

"A Sound Mind Dwells in a Sound Body."

- A large playground is available on campus for students to engage in physical activities.
- Students are encouraged to participate in various sports and games.
- Opportunities are provided for both individual and team sports.
- All activities are conducted under the supervision of **experienced Physical Education teachers.**

SMART CLASSES

- Key features include:
 - Interactive whiteboards
 - High-definition digital displays
 - Projectors and audio-visual aids
 - Internet-enabled devices and educational software
- B.Ed. students are trained to:
 - **Integrate technology** seamlessly into lesson planning and delivery
 - Encourage **active participation** and cater to diverse learning styles
- Through hands-on exposure, B.Ed. trainees:
 - Develop 21st-century teaching competencies
 - Learn to design and deliver multimedia-rich lessons
 - Use tools like quizzes, polls, and virtual labs to make learning more dynamic

ACTIVITES

The different activities that would take place during the academic year are the following:

1. Cultural Functions
2. Celebrations
3. Spoken English
4. Awareness Programme
5. Pre-Practice Teaching Preparation
6. Practice Teaching
7. Seminar on Environment Education for Sustainability
8. Empowerment of women
9. Educational Tour and Picnic
10. Sports Festival
11. God Experience
12. Psychology Tests
13. In-service Programme
14. Valedictory Function
15. Seminars and Workshops
16. Mentoring
17. Inter-religious Celebration
18. Each One Teach One
19. Educational Survey of Village
20. Community Services
21. Blood Donation
